

## **Marc Hutlet Seeds Ltd 2021 Yield Challenge**

### **General Rules**

- 1 – Customer must purchase minimum of 28 units of corn and/or 80 acres of soybean/canola seed (no set amount due to seeding rates, rep to determine amount based on 80 acres).
- 2 – All trials must be weighed with a Pioneer weigh wagon.
- 3 – Trials can be Pioneer vs. Pioneer or vs. a competitive product.
- 4 – Customer can have only one trial per crop qualify for the program.
- 5 – Population trials do not qualify.

### **Grain Corn Guidelines**

- 1 – Plot must be 4 rows wide by 1000 ft long and must be right beside other product.
- 2 – Must reach the 165 bushel dry yield level on one product to qualify.

Customers that achieve these yields will receive 20 acres of free seed for the 2021 growing season.

### **NEW: Silage Corn Guidelines**

- 1 – Plot must be 4 rows wide by 1000 ft long and must be right beside other product.
- 2 – Must reach 20 tonnes/acre (corrected to 65% moist.) on one product to qualify.

Customers that achieve these yields will receive 20 acres of free seed for the 2021 growing season.

### **Soybean Guidelines**

- 1 – Plot must be minimum of 20 ft wide by 1000 ft long and be directly beside variety that it is being compared to.
- 2 – Must reach 45 bushel dry yield on one product to qualify.

If producer reaches 45 bushel per acre yield he will receive 20 acres of free seed for 2021 planting.

### **Canola guidelines**

- 1 – Plot must be minimum of 20 ft wide by 1000 ft long and be directly beside variety that it is being compared to.
- 2 – Must reach 55 bushel dry yield on one product to qualify.

If producer reaches 55 bushel per acre yield he will receive 20 acres of free seed for 2021 planting.
